Michael Martinez Chaves

has successfully completed the online, non-credit Specialization

Python for Cybersecurity

In this Specialization, learners developed custom Python scripts to automate cybersecurity tasks.

Howard Poston

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
